Dear Kelvin

Glenvista Complex, Mill Point Road South Perth

I write to thank you and your team for the tremendous job you did at the complex in April of this year. This job was a particularly difficult one, not only because of the size of the two lemon scented gum trees and other vegetation, but also the lack of access for machinery and removal of the logs, proximity to buildings and also having to work around multiple tenants.

It all went without a hitch.

You also handled the challenges presented by the local council patiently and methodically. I am sure that other operators would have thrown their hands in the air and walked away from the job!

Your men were highly skilled, very pleasant to all the tenants and cleaned up after the works as much as possible.

I would have no hesitation in recommending your company to others requiring tree lopping services.

Yours sincerely
